

## Smart choices for everyday healthcare

Karo Pharma offers a portfolio of everyday healthcare products and services that help prevent illness and treat health problems. With a wide range of trusted, documented, and original brands, backed by services for partners, customers, and consumers, we provide people with the options, knowledge, and access they need to stay healthy. We call it smart choices for everyday healthcare. We specialize in seven product categories: skin health, intimate health, digestive health, foot health, wellness, pain, cough and cold and specialty products such as Rx pharma care. Across these categories we own a range of differentiated brands in both prescription drugs (Rx) and consumer products (OTC).

Karo Pharma's products and services are present in over 60 countries with own subsidiaries in over 11 European countries. Karo Pharma has a revenue of SEK 2,9 bn in 2020, is headquartered in Stockholm and listed on NASDAQ First North Growth.

## Power BI and Data Analyst

📍 Stockholm (Sweden)

### Power BI & Data Analytics

We are continuing on our growth journey with a new super exciting expansion working with our BI platform. Hence, we are looking for a Power BI Developer with an analytical mindset ready for big data and digital solutions, who is also passionate about data storytelling.

You will be a part of a team with developers and analysts, whose main task is to support Karo Pharma on the journey of becoming a data driven organization. You will be responsible for building, maintaining and automating dashboards and reports according to Karo's business needs, using Power BI as the main front end tool. You will work closely with different colleagues across the organization, educating and engaging them in the analytical tools that you and your team provide. To be successful in this role, strong analytical capabilities and communication skills is key.

## Roles & Responsibilities:

- Responsible for governance and development of our standard report package in MS Power BI, translating data into informative visualizations and reports
- Monthly group performance reporting & analytics
- Be a part of a dynamic business intelligence team with cutting edge solutions in the industry, working with the leading consultants in the Nordics
- Ensures that there is a high quality of co-operation and communication with other relevant disciplines and departments as well as external stakeholders

## Qualifications and education

- You have a relevant educational background in for example finance, economics, or system development, or equivalent skills gathered through work experience
- You have minimum 2 years experience in front end development in Power BI
- Experience with SQL, Python, R, or other similar technology would be a plus
- You are fluent in English

## Personal Profile

We trust that you are a professional and a collaborative individual that enjoys working as independently as well as a part of a team and open to ask for support whenever needed. You have attention to detail, and it is in your nature to say and do what is right.

## We offer:

- Opportunity to create, grow, and encourage
- Apart from a competitive salary pack (amongst which hospitalization insurance, group insurance, meal vouchers and other extra perks & benefits), there are lots of growth opportunities to meet your personal ambitions
- Flexible schedule and life work balance
- Responsibility for exciting and challenging projects that have a direct, visible impact on our customers and the industry
- Very positive work environment in a young, international, and motivated team

*Karo Pharma has a Diverse & Inclusive environment. We are looking for qualified candidates irrespective of gender, gender identity, sexual orientation, ethnicity, race, religion, national origin, disability or age.*
